NATIONAL INDUSTRIAL RECOVERY BOARD,
By W. A. HARRIMAN, *Administrative Officer.*

Approval recommended:

BARTON W. MURRAY,
Division Administrator.

WASHINGTON, D. C.,
April 25, 1935.

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: This is a report on an amendment to the Code of Fair Competition for the Electrical Manufacturing Industry. Opportunity to be Heard was noticed to all interested parties March 14, 1935, in accordance with the provisions of Title I of the National Industrial Recovery Act. All criticisms of, objections to, or suggestions concerning said amendment have been given due consideration. The amendment, which is attached, was presented by the Board of Governors of the National Electrical Manufacturers Association (Code Authority for the Electrical Manufacturing Industry).

The Electrical Manufacturing Code is amended to incorporate additional fair trade practice provisions, the need of which has been demonstrated by practical experience under the Code.

FINDINGS

The Deputy Administrator in his final report to the National Industrial Recovery Board on said amendment to said Code having found as herein set forth, and on the basis of all the proceedings in this matter:

It is found that:

(a) The amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act, including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7, and Subsection (b) of Section 10 thereof.

(c) The amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(d) The amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(e) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For these reasons, therefore, this amendment has been approved, the approval to become effective fifteen (15) days from the date of the Order.

For the National Industrial Recovery Board:

W. A. HARRIMAN,
Administrative Officer.

APRIL 25, 1935.
